

COMPANY BROCHURE

At LES Energy Services Limited, our vision is to be the recognized Performance Leader in our industry, dominate our chosen sectors and disciplines and hold a market position ahead of our competitors in these areas.

Being a Performance Leader, our Mission is to achieve Operational Excellence, Customer Satisfaction and Superior Financial Performance.

LES Energy Services Limited is a 100% Indigenous Nigerian Company founded in 2007 and has its Corporate office in Lagos, a Maintenance/Training Centre, as well as a Fabrication Yard in Port Harcourt, Nigeria

Preye Berezi
Chief Executive Officer

We specialize in the provision of Engineering, Procurement, Construction, Onshore and Offshore Installation, Operations and Maintenance of Oil and Gas Facilities, Equipment Supply and Maintenance Services, Integrated Marine and Subsea Services and Training.

Our processes are run in line with international best practises and we have been certified to:

ISO 9001:2015 (QMS)
ISO 45001:2018 (OHSMS)

Quality

We adhere to stringent industry standards, implement rigorous quality control protocols, and continuously improve our systems to ensure that every product and service we deliver meets or exceeds client expectations

Relationship

We are committed to developing lasting relationships with clients, employees, our partners, contractors, sub-contractors and our communities.

Integrity

We demonstrate utmost integrity and only operate in a transparent and honest way with our clients, personnel and other stakeholders.

Commitment

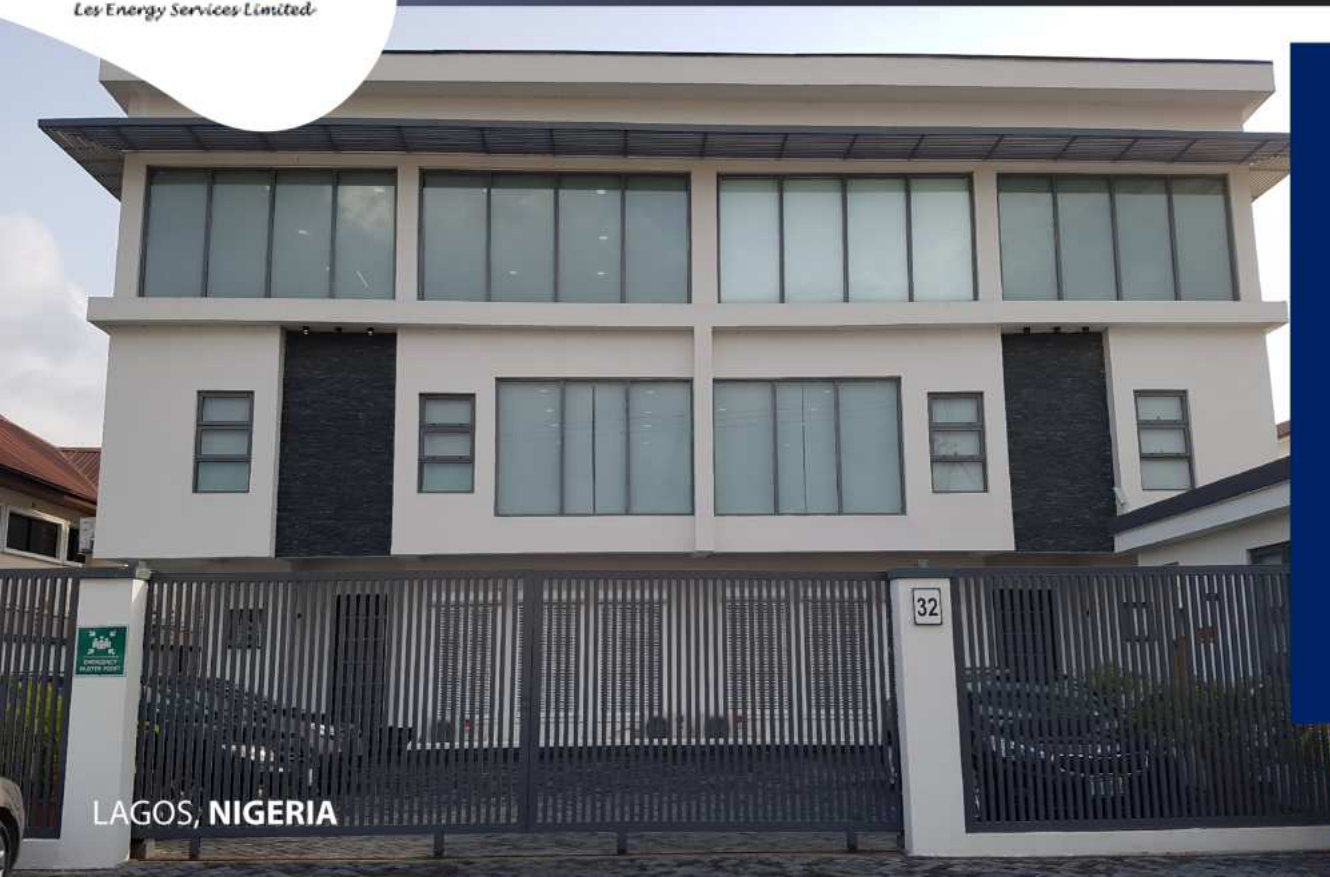

We are committed and are focused on the needs of all our customers (clients and employees)

Ethics

We operate ethically and demand the highest standards in our actions

Safety

Maintaining a consistent operational approach, our organization ensures safe and healthy work environments that protect against work-related illnesses, prevent pollution, and promote sustainable management of natural resources.

LAGOS, NIGERIA

HEAD OFFICE

Plot 32 Block 100, Furo Ezimora Street, Lekki Scheme 1, Lekki Lagos, Nigeria.

Our Corporate Head office situated in Lekki, Lagos-Nigeria is fully owned by LES Energy Services and operations from here commenced since June 2015.

FABRICATION YARD

FABRICATION YARD

180 NTA. Road, Mgbuoba,
Port-Harcourt, Rivers State, Nigeria

Our Fabrication Yard is Sitting on 7,200 sqm with fully equipped Indoor and Outdoor Fabrication/Welding Shops, Blasting and Painting Chambers, Storage, Porta Cabins and 1500 sqm of Office Space.

QUALITY POLICY

Our undeletable quality thrust is to intentionally promote risk based thinking, proactively plan, identify pertinent issues and sensibly satisfy the requirements of all relevant interested parties within our business environment.

HEALTH, SAFETY & ENVIROMENT POLICY

The non-negotiable long-term obligation of LES Energy Services is to protect people by preventing injury and ill health and protect the enviroment by prevention of pollution, reduction of natural resources consumption and minimizing wastes.

Our strength and skills in the Engineering design process allow us to deliver complete solutions to complex problems

OUR SERVICES INCLUDE:

Concept Selection

F.E.E.D
(Front End Engineering Design)

D.E.D
(Detailed Engineering Design)

Follow-On Engineering

Execution:

Because of the engineer's responsibility to ensure adequate construction/implementation of the work as designed, there is usually some sort of engineering oversight during the execution phase.

PROCUREMENT

Affiliated with globally recognized Original Equipment Manufacturers (OEMs) such as Dräger, Cortez Subsea, Knowsley SK, TVC, MRC Global, Bauer Kompressoren and Lonestar Fasteners.

Our Services cuts across the Oil and Gas Industry, Petrochemical, Energy, Marine, FMCGs and other Sectors.

At LES Energy, we strive to create value for our Customers and we understand that reliability of purchase is a crucial factor.

If supplies are of poor quality, delivered late or cost more than was agreed, this will affect productivity and profitability.

Poor quality inputs could also affect the safety of the process which is a major consideration in the Oil and Gas industry.

OUR PROCUREMENT SERVICE INCLUDE

+++ SOURCING

+++ MARKING

+++ ORDERING

+++ CONSOLIDATION

+++ INSPECTION

+++ ONWARD SHIPPING

+++ EXPEDITING

CONSTRUCTION

Our engineers, design architects and technicians work closely with our clients to conceptualize, plan and execute a wide range of construction projects with the aim of meeting global standards for the oil and gas industry.

We identify the most beneficial options for each unique project taking into consideration as a minimum; Optimum Manpower, Materials and Equipment requirements. This enables an efficient execution of our service to provide our Customers with value that meets their business goals.

We leverage our procurement network to ensure that quality materials utilized for construction are provided at best market rates to our clients.

- + Offshore and Onshore Fabrication
- + Subsea Structures
- + Onshore, Offshore, Shallow water and Swamp
- + Pipelines
- + Cost estimation
- + Project scheduling
- + Design decision-making
- + Handling of construction materials
- + Permits and licences
- + Quality assurance/Quality control (QA/QC)
- + Document Control
- + Reporting
- + Logistics

OFFSHORE & **ONSHORE** INSTALLATIONS

OUR OFFSHORE INSTALLATION SERVICES SCOPE INCLUDES:

- Subsea pipelines, risers and facilities
- Subsea flexible / cable installation
- Offshore pipelines and end stations
- Modular processing skid
- Pump and meter stations
- Pressure vessels
- Gas compression
- Process facility installation
- Piping Installation

OFFSHORE & **ONSHORE** INSTALLATIONS

Our installation services include;

- 1- Facility Shutdowns and Maintenance Programs
- 2- Development of Infrastructures
- 3- Brownfield Maintenance and Modifications
- 4- Commissioning & DeCommissioning

EQUIPMENT SUPPLY & MAINTAINANCE SERVICES

Our cutting edge technologically advance equipment, well trained engineers and technicians gives us an edge over our competitors in delivering maintenance services to our clients within the oil and gas, marine, etrochemical and other industries.

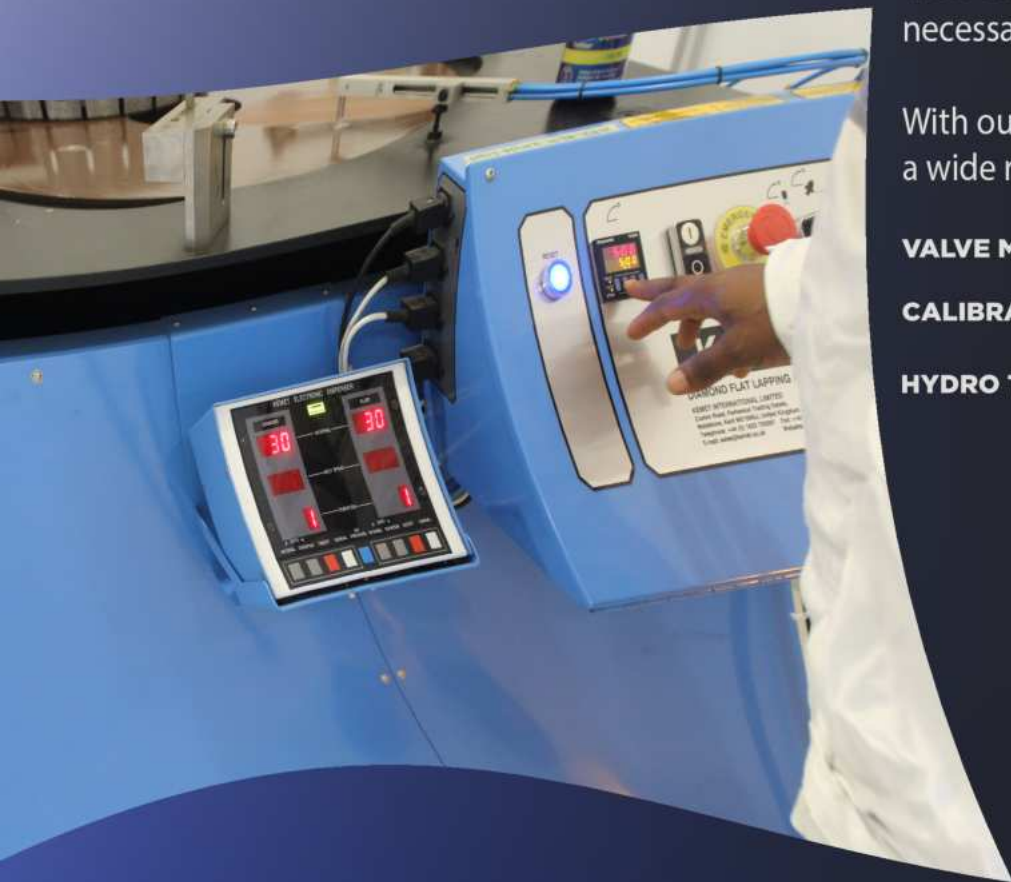

We boast of qualified instrument technicians with requisite training and equipment necessary to provide you with state-of-the art testing and calibration

With our state of the art facility situated in Port Harcourt, we are focused on providing a wide range of maintenance solutions.

VALVE MAINTANANCE & REPAIRS FOR VARIOUS OEMS

CALIBRATION SERVICES

HYDRO TESTING

OPERATION & MAINTENANCE

LES Energy Services specializes in providing comprehensive Operation and Maintenance (O&M) services to the energy industry, with a strong focus on meeting customer goals of price, quality, schedule, and safety.

With an unwavering commitment to excellence, LES Energy Services offers cost-effective solutions without compromising on quality.

Our dedicated team of professionals ensures efficient execution of O&M activities while adhering to strict schedules to minimize downtime and maximize operational productivity. Safety is our top priority, and we maintain stringent safety protocols to safeguard both personnel and assets.

By leveraging our expertise, advanced technologies, and industry best practices, LES Energy Services delivers reliable O&M services that exceed customer expectations in terms of price competitiveness, exceptional quality, timely execution, and uncompromising safety standards.

- 
- ++ Crewing
 - ++ Technica Management
 - ++ Cost Control / Management
 - ++ Supplies of Provisions and Stores
 - ++ Surveys/ Consultancy Services & Statuary vessel inspections by recorgnised authority
 - ++ Oil Production Control - Contingency Response Plan
 - ++ Quality Assuarance - Onboard Safety Audit
 - ++ Planned & Predictive Maintanance
 - ++ IACS Classification
 - ++ Well Services
 - ++ Fuel and Bunkering Operation
 - ++ Regular Special Laboratory
 - ++ Analysis
 - ++ HSSE Plan, Coordinating and implementing of all Health, Safety, Security & Enviromental Policies, Reports/Meetings
 - ++ Asset Integrity Management
 - ++ Caternig Services
 - ++ Computer Maintenance
 - ++ Management System (CMM5), Risk Assessment
 - ++ Procurement
 - ++ Training and Competency Assessment

ZAP-LOK™ PIPELINE TECHNOLOGY

Since 1970 Zap-Lok™ connections have been utilised extensively throughout energy sector with over 100,000km installed onshore in USA, Canada, Peru, Colombia, Saudi Arabia, Bahrain, Oman and Australia.

- ++ Approved for subsea use by Shell, Chevron and Total with over 5800km installed since 1980
- ++ Lloyds Register and Bureau Veritas approved for up to 16" NB Pipelines
- ++ Zap-Lok™ connection can be considered to be equivalent to a DNV CI class weld
- ++ Zap-Lok™ pipeline insurable under CAR policy
- ++ Installed in water depth up to 120m and approved to 300m
- ++ Offshore installation rate of up to 5km per day
- ++ Over 8 million joints only 20 recorded cases of failure onshore and 2 offshore
- ++ Customer references from Chevron, Perenco and Maurel & Prom

FABRICATION & WELDING

At LES Energy Services Limited, we pride ourselves on our flexible and innovative approach, which allows us to offer a wide range of Fabrication, Welding services and Structural repair solutions in Nigeria.

The skill set of our workforce and our proven track record ensures we deliver our clients' requirements on time. Health, Safety and Environment are essential components of our culture.

LES understands that the total company or system, not just the 'Safety Department' affects and is responsible for the safety of all employees

Fabrication and Structural Repair Services

- ++ Piping Engineering and Fabrication
- ++ Specialist welding systems such as Cladding and structural repairs
- ++ Spools
- ++ Skids

VALVE MAINTENANCE

We help our clients' reduce their capital spending on valves by having them serviced & repaired rather than buying new valves when there is no real need.

LES offers the customer a complete ON or OFF site valve service from consultation to complete strip down and overhaul.

Our valve services Includes:

- ++ Safety Relief Valve Testing overhaul and calibration.
- ++ Control valve & Actuator servicing overhaul
- ++ Testing and calibration
- ++ Complete overhaul & testing of Gate /Globe / Check / Ball Needle / Butterfly/ Diaphragm / Plug / Non Return valves / Pressure Reducing valves and Knife-edge Gate valves.
- ++ Call out repairs Planned Periodic Maintenance. Shut down Maintenance, Inspections & Surveys
- ++ Spare Parts Management

TRAINING

Training is an activity leading to skilled behavior. This essence is the primary philosophy behind our dedicated and tailor made training modules.

As a training company, our approach to competence development lets us identify and assist our customers to build a more efficient, safe and competent workforce.

At LES Energy, we work closely with our contracting companies, and are fully aware of their recruiting requirements and programmes.

For this reason, we ensure that courses run meet their demand for personnel, and there is the best possibility of securing a position. Successful candidates are automatically registered into our industry-leading Competence Management Programme and given access to additional training packages.

EXXONMOBIL USAN AND ERHA PIPING REPLACEMENT PROJECT

EXXONMOBIL JVO/SUBSEA OPERATIONS

PROJECTS & **ACHIEVEMENT**

SPDC - EPCI OF FIVE (5) AUTOSAMPLER UNIT

CHEVRON - AGBAMI FABRIC MAINTENANCE

NLNG - FABRIC MAINTENANCE

PROJECTS & **ACHIEVEMENT**

ADDAX PETROLEUM - OPERATION AND MAINTENANCE OF ADANGA MOPU

ADDAX PETROLEUM - ADANGA BLASTING & PAINTING

CELEBRATING 1 MILLION MAN HOURS WITHOUT L.T.I

NCD TRAINING

ESSO EXPLORATION AND PRODUCTION NIGERIA LIMITED

SCOPE OF WORK

Provision of General Maintenance Services (Pipe Fabrication Scope) on ERHA & USAN FPSO

STATUS: IN PROGRESS

Procurement of spares - severe service valves

STATUS: COMPLETED

NIGERIA LNG LIMITED

SCOPE OF WORK

Provision of engineering and assurance support services for Draeger fire & gas detection systems portable gas monitor.

STATUS: IN PROGRESS

Provision of Fabric engineering maintenance services; maintenance services for coating, insulation and fireproofing systems on piping and equipment within NLNG facilities.

STATUS: IN PROGRESS

RENAISSANCE AFRICA ENERGY COMPANY LIMITED

SCOPE OF WORK

Provision of Maintenance Intervention Support Services In RENAISSANCE AFRICA ENERGY COMPANY LIMITED Assets - Corrosion and Asset Integrity

STATUS: IN PROGRESS

Drill to Fill Type Projects – Module 1: Engineering, Procurement & Fabrication.

STATUS: IN PROGRESS

Provision of Crude Oil Custody Transfer Metering Improvement Project in BOGT; Work package 1-Design, procure, construct/install, pre-commission, commission, and start-up three (3) Class 1 (custody transfer meters) with uncertainty equal or less than 0.25% crude oil metering stations on three (3) of the inlet trunk-line entry points into BOGT namely the 10" Utapate Crude (ECTL), 24" Land Medium Crude (TNP) and the 28" Land Light Crude (TNP).

STATUS: COMPLETED

Procurement and Installation of Jet Mixing Autosamplers Skid to SPDC Forcados Terminal

STATUS: IN PROGRESS

Supply of Draeger Products - (Portable Gas Detectors, PPE and Respiratory Protection Products, Chemical Protection Suits, Firefighting, Equipment and Training Galleries, Breathing Air Compressors)

STATUS: COMPLETED

PROJECT LIST

TOTAL ENERGIES

SCOPE OF WORK

Provision Of Services - Calibration, Servicing, Maintenance and Certification Of Drager Gas Detectors On Jv Sites

STATUS: IN PROGRESS

Provision of security Vessels, Crew, GSF and Onshore Support

STATUS: COMPLETED

TECNIMONT SPA

SCOPE OF WORK

Valve Refurbishment Works

STATUS: IN PROGRESS

MOBIL PRODUCING NIGERIA UNLIMITED

SCOPE OF WORK

Provision of Third Party Inspection Agency Services at various manufacturing and construction sites within and outside Nigeria.

STATUS: COMPLETED

CHEVRON NIGERIA LIMITED

SCOPE OF WORK

Provision of Fabric Maintenance Services on Agbami FPSO

STATUS: IN PROGRESS

Agbami Subsea Production Flexible Risers Bore Inspection

STATUS: IN PROGRESS

Procurement of Spares - Severe Service Valves

STATUS: COMPLETED

Provision of Expatriate Personnel to support Major onshore and Offshore Projects in Chevron.

STATUS: COMPLETED

Provision of Rope Access, Blasting, Painting and Coating, Scaffolding Services on the Agbami FPSO.

STATUS: COMPLETED

SHELL PETROLEUM DEVELOPMENT COMPANY NIGERIA LIMITED - SPDC

SCOPE OF WORK

Brownfield Engineering and Maintenance Services - Provision of offshore production crew support to support the EA/OGGS offshore production asset.

STATUS: COMPLETED

Calibration and Maintenance of Gas Detectors, Training COMPANY personnel on Gas Detector Calibration.

STATUS: COMPLETED

Provision Of Service Contract For Emergency Response And Rescue Operation For Ea FPSO Shutdown.

STATUS: COMPLETED

Umbrella Manpower Agreement - Provision of expatriate consultant and Nigerian personnel to support the various projects of SPDC.

STATUS: COMPLETED

Deepwater Projects Lagos - Provision of personnel (Engineering Support) to support the Deepwater projects of SNEPCo.

STATUS: COMPLETED

Provision of Lloyds register (LR) Approved Hull Tank Inspection for Sea Eagle FPSO. Provision of QA/QC and Inspection Services- including Protective Coating, Corrosion Control, Cathodic Protection Works

STATUS: COMPLETED

PROJECT LIST

Provision of Crude Oil Custody Transfer Metering Improvement Project in BOGT; Work package 1-Design, procure, construct/install, pre-commission, commission, and start-up three (3) Class 1 (custody transfer meters) with uncertainty equal or less than 0.25% crude oil metering stations on three (3) of the inlet trunk-line entry points into BOGT namely the 10" Utapate Crude (ECTL), 24" Land Medium Crude (TNP) and the 28" Land Light Crude (TNP).

STATUS: COMPLETED

Procurement and Installation of Jet Mixing Autosamplers Skid to SPDC Forcados Terminal

STATUS: IN PROGRESS

TOTAL EXPLORATION AND PRODUCTION NIGERIA LIMITED

SCOPE OF WORK

Provision of Passive fire protection, blasting and painting, Scaffolding works for OML 58 Site

STATUS: COMPLETED

Insulation protection of TEG Vessels and associated piping'

STATUS: COMPLETED

TOG SHIPPING AND OFFSHORE MANAGEMENT NIGERIA LIMITED

SCOPE OF WORK

LR UTM Inspection on Virini Prem; Deck areas,
Ballast and Cargo tanks and MOPU

STATUS: COMPLETED

SAIPEM CONTRACTING NIGERIA LIMITED

SCOPE OF WORK

Provision of offshore construction crew for SAIPEM
Vessel - FDS2, MSV and S3000.

STATUS: COMPLETED

Provision of Onshore field joint coating
for EGINA Scope related to line pipes at
QJ Plants, RBS, Spools and Jumper field
jointson site and PU Stoppers at QJ Plant.

STATUS: COMPLETED

PROJECT LIST

AGIP ENERGY AND NATURAL RESOURCES NIGERIA LIMITED

SCOPE OF WORK

Corrosion Control for Agbara Drilling and
Production Platforms

STATUS: COMPLETED

SNEPCO

SCOPE OF WORK

Supply of Draeger safety products FCA

STATUS: IN PROGRESS

Supply of Draeger products - (Portable gas Detectors Ppe and Respiratory protection products, chemical protection suits, firefighting, equipment and training galleries, Breathing Air Compressors)

STATUS: IN PROGRESS

GENERAL ELECTRIC

SCOPE OF WORK

Construction Manager for the renovation for kolo general hospital and olobiri Health Center in Bayelsa State.

STATUS: COMPLETED

ADDAX PETROLEUM DEVELOPMENT NIGERIA LIMITED

SCOPE OF WORK

Operation & Maintenance (O&M) services on the Adange complex (OML 123) comprising of the Marc Lorenceau Mobile Operations Productions unit (MOPU) , Adanga production platform (ADPP), Adanga redevelopment platform and booster compressor 1(BC-1)

STATUS: COMPLETED

Asset Integrity Inspection & non-destruction testing (NDT) of APDNL Facilities on OML 123 & OML124.

STATUS: COMPLETED

AENR

SCOPE OF WORK

Construction comprehensive center at ODI (comprising Construction of Access and internal road, fencing and landscaping, skill and aquisition cente, gymnasium, swimming pool,sport arena and terrace, reception hall and shops and power distribution station)

STATUS: COMPLETED

Dräger

OUR PARTNERS

Dräger is a German company based in Lubeck which makes breathing and protection equipment, gas detection and analysis systems, and noninvasive patient monitoring technologies. Our Core products includes: Fire and Gas Detection System, Air Purifying Respirators, Diving Equipment, Breathing Equipment, and Emergency Evacuation Equipment.

LoneStar
Fasteners

LoneStar is a manufacturer and stocking distributor for all sizes of SAE, ASTM and ISO fasteners including Bolts, double end, tap end and all thread fasteners in a variety of grades and alloys and coatings.

BAUER KOMPRESSOREN is devoted to the manufacture of high pressure compressors and components, such as filter systems and regeneration dryers. BAUER KOMPRESSOREN is one of the world market leaders in the high and medium pressure range

Cortez Subsea pioneers new ways to make pipelay and inspection quicker, safer and cleaner for the global energy industry.
